## FOR IMMEDIATE RELEASE

### **Sedgwick County Health Department Offers Back to School Immunizations**

(Sedgwick County, Kansas) – August is "Back to School Immunization Month" at the Sedgwick County Health Department.

Immunizations will be available during clinic hours at the main Health Department at 1900 E. Ninth Street and at five health stations across Sedgwick County, plus the mobile clinic van. Parents should bring the child's immunization record with them. (See attached list of locations and times.)

There is no longer a tetanus-diphtheria (Td) shortage. Because of this, the Td vaccine will be available to the public through the Sedgwick County Health Department. The booster is required for the 2004 school year.

"Sedgwick County offers immunizations because it is very important to keep all of our citizens healthy," said Sedgwick County Commission Chairman Tim Norton. "We want even the youngest in our community to know that we are working for them."

The main Health Department is open Monday through Friday until 7 p.m. for immunizations.

-end-
